*****AUTOMOBILE APPRAISAL*****

Owner: Kyle Richards Address: 6416 Bandon Lane
Rapid City South Dakota

VIN : Series K 11535 Mileage: Shows 20406

Year: 1920 Make: Elgin Model: Touring Car

Engine: Six CYL Overhead Valve Transmission: 3SPD Manual

Exterior Color: Cream/Plumb Top Color: No Canvas Interior Color: Plumb

This is a 1920 Elgin Touring car that has been restored to a very good standard and appears to have been well cared for and maintained prior to the restoration which is now showing some slight wear. Elgin cars were ahead of their time in many areas. This was not an entry level car when produced. This car has a modern style generator, electric starter, four blade fan, and overhead valves, a sophisticated lubrication system (still in tact). The original build quality was excellent and the mechanical and structural and mechanical integrity have not been compromised by abuse or neglect. This is a rare and very solid car that should appreciate in value if properly used and maintained.

SEE FACT SHEET FOR DETAILS:

Estimates of Appraisals / Replacement values are acquired through years of experience in attending auctions, trade shows, car shows, and research of private sales, in addition to using various internet services, standard written publications (Old Car Price Guide – Hemmings Motor News – National Automobile Dealers Association – Black Book Guides – Kelly Blue Book – Edmund Pricing Services).

*We Estimate the value as listed for insurance or other purposes at the current retail value, excluding Federal and other taxes. We DO NOT agree to purchase or replace the article.
